

Codity Company Deck

We design, develop - Scale Digital Products;

FROM IDEATION TO LAUNCH

WHAT WE DO

Transforming bold ideas into digital products

Product Design

We design visually stunning and user-friendly interfaces for >Apps and >Websites, focusing on delivering exceptional user experiences (UX). By combining intuitive design with strategic >UI/UX enhancements and conversion optimization.

Product Development

We develop high-performing >Websites, scalable >E-commerce platforms, and Custom software solutions. Leveraging expertise in >SaaS development, >MVP launches, and >Enterprise software, we turn your vision into reliable, scalable, and impactful digital products.

Branding

We craft compelling >brand identities, >investor decks, and digital branding strategies that resonate with your audience and foster long-term growth. From effective >logo design to powerful brand messaging, we ensure your brand stands out and attracts attention where it matters most.

Applied AI

We harness the power of AI through consultancy and development to create custom solutions, such as >AI chatbots and >automation tools. By leveraging machine learning and >natural language processing, we enhance customer engagement and empower your business to scale smarter.

WHO WE ARE

**We Blend Code, Quality,
and Creativity.**

To put it simply, we craft digital products and brands that people love to use. By blending functionality with aesthetics, innovation with seamless user experiences, and business goals with creative vision, we turn ideas into impactful digital realities. Powered by a TEAM of thinkers, creators, and problem-solvers who bring passion and precision to every line of code and every design detail.

Why Codity Works?

Because We:

OUR CORE VALUES

KEEP IT CLEAR

We believe clarity drives success. From seamless designs to straightforward communication, we focus on making every interaction and solution simple, intuitive, and transparent.

1

DARE TO BE DIFFERENT

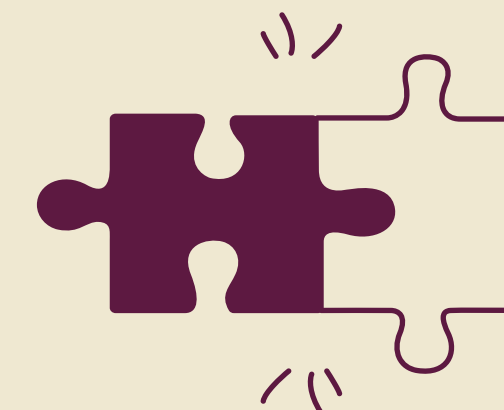

Innovation is at our core. We craft bold, unique solutions that break the mold and set our clients apart in a crowded digital landscape.

2

BUILD IT RIGHT

Quality is non-negotiable. We deliver reliable, scalable, and high-performing digital products, ensuring they're built to stand the test of time.

3

MAKE IT MATTER

Results matter. Our work goes beyond expectations to create meaningful impact, helping our clients achieve measurable success.

4

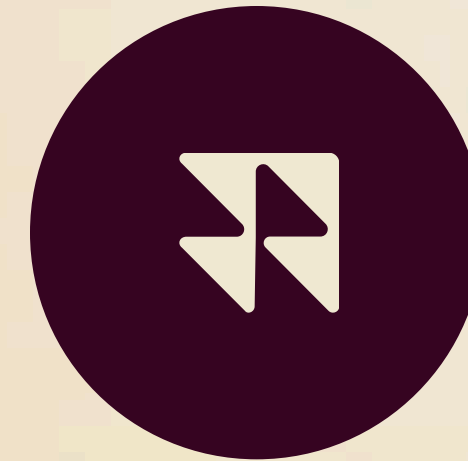

Industries We Serve & Work We're Proud Of

OUR EXPERTISE & LATEST WORK

Startups

We help startups turn bold ideas into reality by creating scalable and innovative digital solutions. From MVPs to full-scale products, we design and build tools that grow with your vision.

SMEs

We empower SMEs with modern, user-friendly digital products that enhance efficiency, streamline operations, and elevate their online presence, helping businesses reach their full potential.

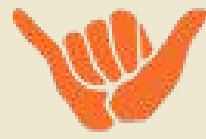

Enterprises

To improve your business results we monitor and manage the processes deployed in your enterprise.

Government & Non-Profits

We design accessible, community-focused platforms tailored to meet the unique needs of governments and non-profits, driving meaningful engagement and social impact.

AI-Powered E-commerce Assistant Product Development

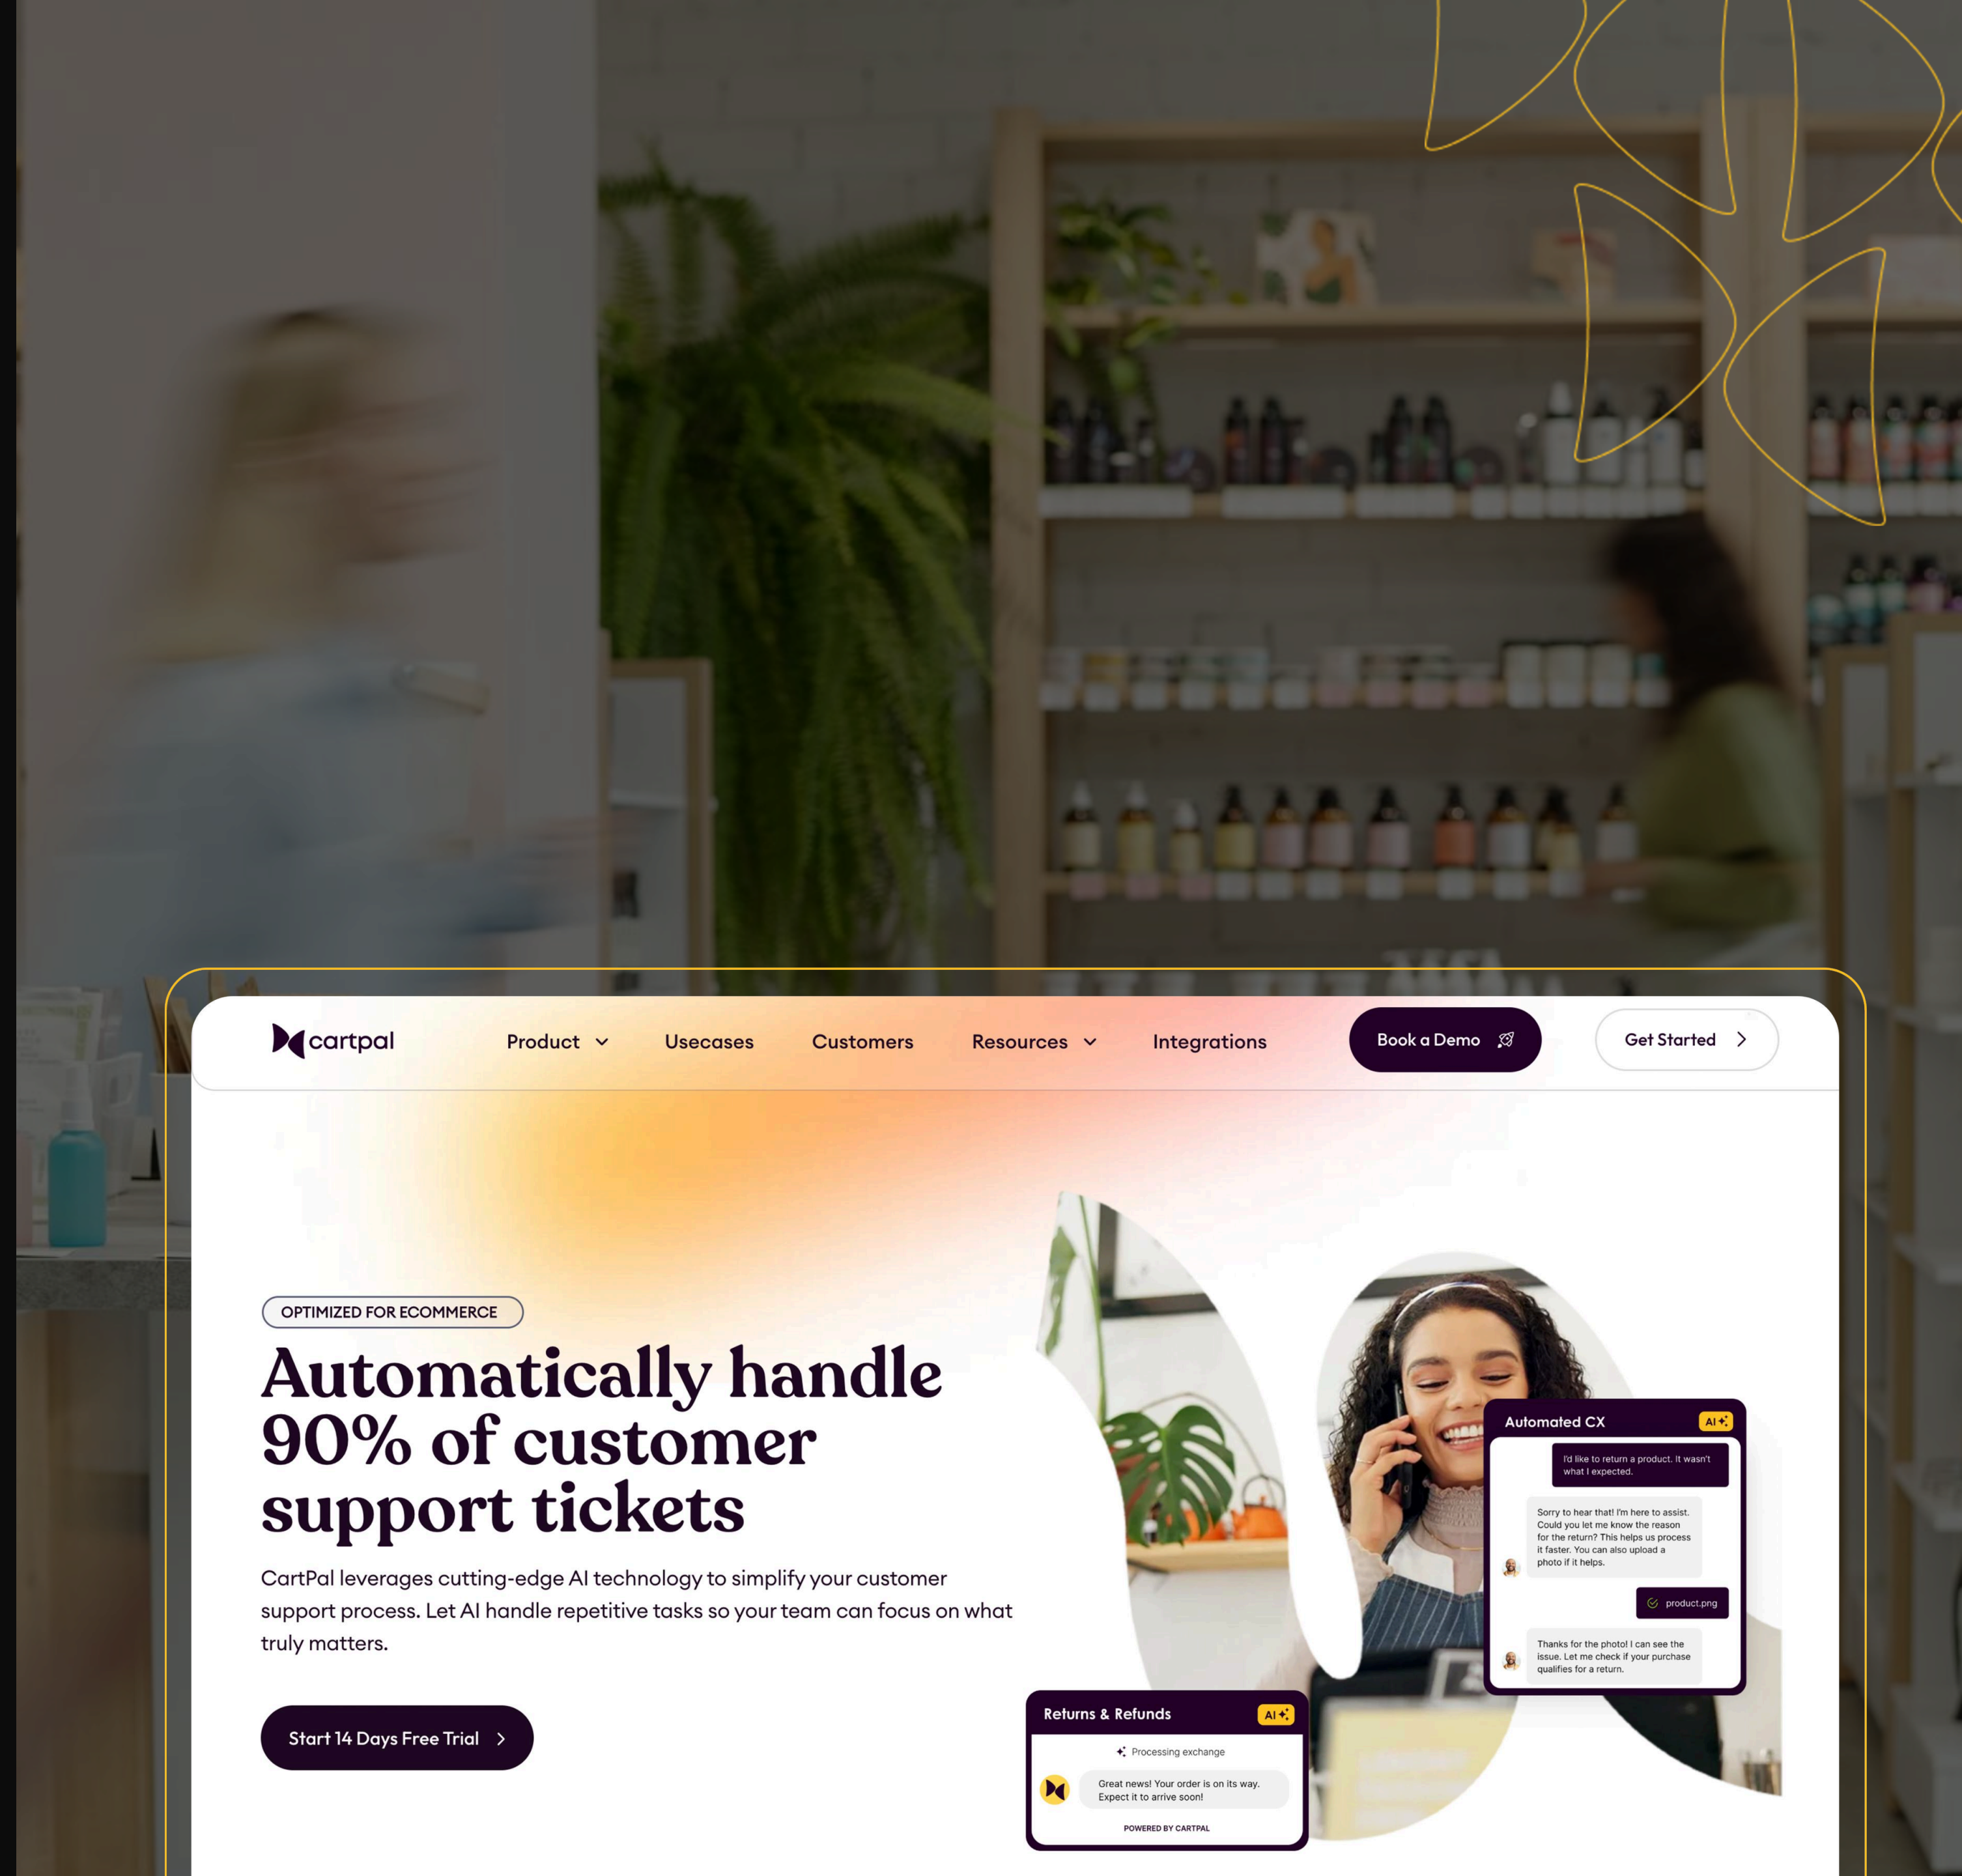

We developed CartPal's MVP, Cartpal empowers e-commerce store owners to automate customer support and enhance product discovery. The platform uses advanced AI to guide customers seamlessly, offering an innovative solution that redefines the online shopping experience.

INDUSTRY

Startups / E-commerce

ENGAGEMENT

Product Development / Applied AI

The screenshot shows the CartPal website interface. At the top, there is a navigation bar with the CartPal logo, menu items (Product, Use cases, Customers, Resources, Integrations), and buttons for 'Book a Demo' and 'Get Started'. The main content area features a headline: 'Automatically handle 90% of customer support tickets' with a sub-headline 'OPTIMIZED FOR ECOMMERCE'. Below the headline is a paragraph: 'CartPal leverages cutting-edge AI technology to simplify your customer support process. Let AI handle repetitive tasks so your team can focus on what truly matters.' and a 'Start 14 Days Free Trial' button. To the right, there are two chatbot interface examples. The top one, titled 'Automated CX', shows a customer message: 'I'd like to return a product. It wasn't what I expected.' followed by an AI response: 'Sorry to hear that! I'm here to assist. Could you let me know the reason for the return? This helps us process it faster. You can also upload a photo if it helps.' with a 'product.png' upload button. The bottom chatbot, titled 'Returns & Refunds', shows an AI message: 'Great news! Your order is on its way. Expect it to arrive soon!' and a 'POWERED BY CARTPAL' footer.

What Our Clients Say

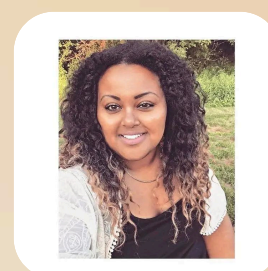

“Partnering with Codity was crucial for our market launch. They developed an impressive website that truly captured our vision. Their expertise and dedication ensured everything was top-notch and ready on time. The impact on our initial market reception has been remarkable.”

Jason Frankovisch

Managing Director @ JF BIOPHARMA

“Working with this team has been an absolute game-changer for Melaglow. They developed an exceptional eCommerce platform and a user-friendly mobile app that have significantly boosted our initial online presence and sales. I couldn’t be happier with the results and highly recommend their services to anyone looking to elevate their business.”

Helen Tewolde

Ceo @ MELAGLOW & CO

“Our website redesign by Codity was exceptional for Baker Law Group. They provided a modern and professional look that perfectly represents our firm’s expertise and values. The process was seamless and we’ve received positive feedback from clients & our colleagues, I highly recommend their services to any law firm looking to redesign their website”

Joseph O’Keefe

Senior Attorney @ BAKER LAW GROUP

How We Make It Happen

OUR PROCESS

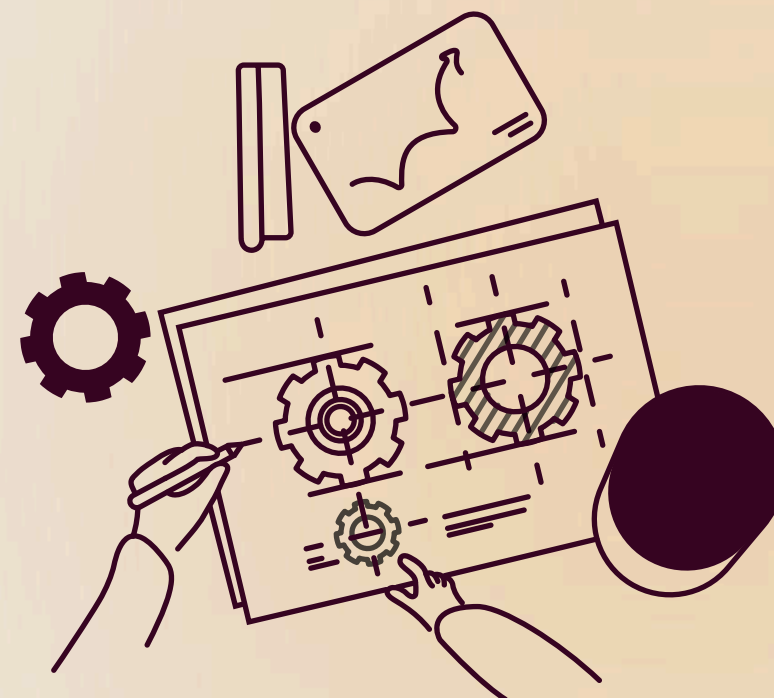

01 UNDERSTAND & ALIGN

We dive deep into your goals, challenges, and audience. Through discovery sessions and research, we get to know your world inside out, setting the stage for a solution that hits the mark.

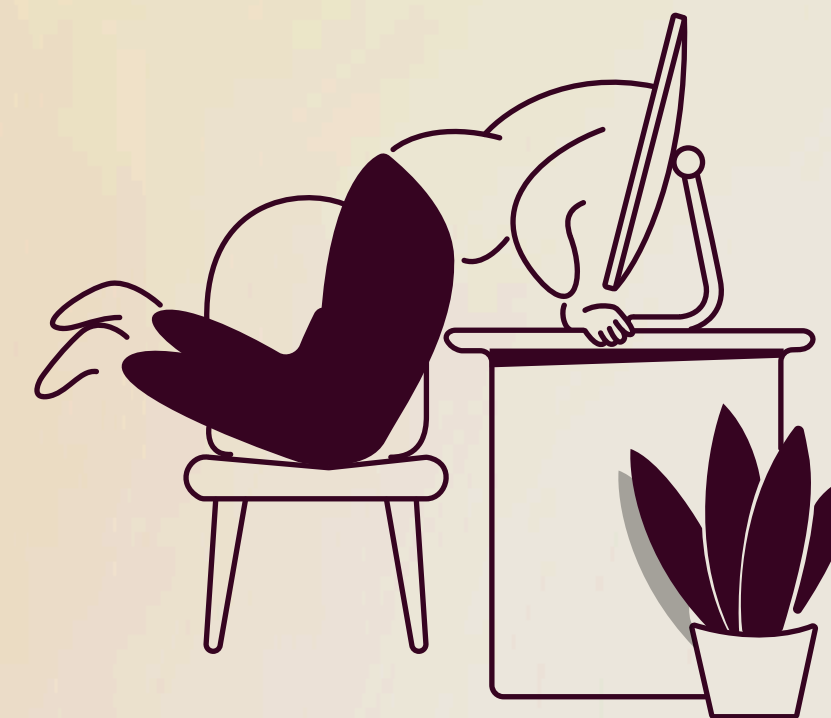

02 DESIGN & PROTOTYPE

We craft sleek, user-friendly designs tailored to your needs. From wireframes to interactive prototypes, every detail is designed to impress, engage, and grow with you.

03 BUILD & LAUNCH

With designs locked in, we bring them to life with precision. We code, test, and polish every feature to perfection, ensuring a smooth, impactful launch.

04 SUPPORT & EVOLVE

After launch, we stick around to keep things running smoothly. From updates to new features, we'll help you stay ahead and ready for what's next.

REMOTE-FIRST, GLOBALLY PRESENT
